STRAIT-FLEX®

New Concept Drywall Products

FLEX-90 º

DESCRIPTION (Speed, Perfection and Longevity)	Patented PVC tight fibered cotton composite corner tape with diamond-punched paper edging that is 2 ” wide, **.**014**”** thick and comes in 100’ rolls. Strait-Flex Flex-90º has PUR-laminated nose to protect against paper fuzz-ups during finishing and sanding.
ADVANTAGES	• **Straightens small framing irregularities.** • **Memory-free hinge design allows for ease of installation and straighter corners.** • **Installs fast using standard compounds. No special tools or fasteners needed. No nail pops.** • **Inside 90 º corners where a large fill or straightening is required, or where strength and speed of finish are required.** • **Diamond-punched paper ensures ultimate bonding and faster drying.** • **Second coat of compound can be applied immediately-very light skim coat to finish.** • **Use in place of metal cornerbead.** • **Rustproof.** • **No. Cracks. No Callbacks.**
WARRANTY	Strait-Flex products are backed by a lifetime warranty. When applied to a sound structure, built on a permanent foundation using recommended application techniques, we warrant that these products will not edge-crack for the lifetime of the structure. Contact Strait-Flex International Inc for complete details.
DIRECTIONS	• **Cut Strait-Flex to desired length. Adjust to desired angle.** • **Apply using a liberal coat of all-purpose compound with joint knife. Use tile setting compounds in wet areas.** • **Press Strait-Flex into wet compound. Adjust if necessary to create straight line and wipe down with joint knife. Immediately apply light skim coat and let dry.** • **Apply final coat, let dry and sand.**
STORAGE	Store in dry place protected from moisture.
